## FIND A HOME YOU'LL LOVE...

*Samantha Child is a property search agent, working across Surrey, Hampshire and West Sussex. Here we get to know a little more about her, what she does and how she helps clients with their move into the area.*

Imagine being able to find and secure a home you love without drama or stress. It might sound impossible, but with countless happy clients, I can tell you it's not! As an independent search agent based in Farnham, I'm here to give you the edge when buying or renting a new property, no matter how precise your needs.

impartial advice to help you choose the right home. Once we've found a property you love, I support negotiations, regularly saving my clients money.

With negotiations complete, I liaise with solicitors, agents and surveyors to progress the sale quickly and smoothly. I can even support you with your future refurbishments!

Using a search agent is a new idea to many people so let me explain more. The Surrey property market is incredibly competitive, making it difficult to find the perfect home. I use my network of over 350 estate agents, regularly finding properties for my clients before they hit the open market, something that's almost impossible without a buying agent. What's more, I can save you time and stress - especially helpful if you're busy with work, travelling or moving to a new area.

I've lived in the South East for over 40 years and have been involved in property my entire life. Having moved and renovated houses several times - on my own, as part of a couple and as a working mum with a young family - I understand the challenges involved when finding the perfect home for your lifestyle and needs.

*"We'd never even thought of using a property buying agent before this move and now we wonder how anyone gets through a move without one! We wouldn't hesitate to recommend Sam to anyone."*

KATIE AND JONNY, LONDON

I start work with a consultation to understand your search criteria. I then use my network to find the best properties available, whether on or off the market. Initial viewings are next - vetting properties, creating a shortlist and providing

# Want to Feel Better?

By Therapeutic Coach & Mentor  
VIDYA BELLUR FROM VIVID OUTCOMES

**In life we can experience joy, happiness, and fulfilment with the good times, but equally the pendulum can swing, where we can experience sadness, grief and upset with the not so good times.**

Each of us are living our own lives, with our own unique set of circumstances, with our own specific challenges and with this in mind, I consider it both my purpose and my privilege as a Therapeutic Coach and Mentor, to help people to find an equilibrium that enables them to endure and balance these highs and the lows in a different way - empowering them to work on their self esteem, stress and anxiety levels, and sort out those unhelpful habits that may have arisen as a result.

As I always say, *"I'm in the business of human beings!"* In my practice, I see children, teens and adults. Whether you are 6 or 7 years old or 67 years old, the 'stresses' in our human experience know no age.

## Typically I see adults who are:

- wanting to prioritise themselves and sort themselves out
- dealing with anxiety, stress and burnout

and want support to handle life differently

- committed to resolving their unhelpful habits and patterns of behaviour
- looking to positively manage the impacts of life changes on themselves and their families

## Typically I see children/teens who are:

- worried about going to school and don't know what to do with those feelings
- stressed and anxious about their exams, and want to find ways to perform without feeling that way
- concerned about friendships, and unsure of navigating them securely without confrontation or loss
- emotional about something that they want to resolve but unsure how to

Sometimes children may struggle, be it with friendships, adjusting to differences in school life, experiencing loss and grief or

understanding their independence, to name just a few. As a parent, you may observe changes as a result. Perhaps they are more challenging, increasingly angry, quieter than their 'usual' self, moody, irritable, anxious? Perhaps you are noticing a shift in their communication and it feels attributable to more than just 'growing up'?

As a parent you're worried for them and their future, but for yourself as an adult in your own right, you are juggling your own responsibilities,

not just parenting, but the demands of work, home, supporting the rest of the family, young and old, emotionally, physically or financially. You are perhaps feeling the strain yourself.

Whatever the scenario, as a Therapeutic Coach and Mentor, I hold a trusting space which allows you the space to safely explore thoughts and feelings, enabling you to discover new insights, and find solutions to create those altogether different, happier and harmonious outcomes.

## HERE ARE WORDS FROM A CLIENT:

I never thought that therapy was for me and was always quite sceptical on how it would influence me too. Yet 4 sessions with Vidya completely changed my view and I now understand how important anxiety coaching and therapy can be for people. Vidya was brilliant.

I felt comfortable as soon as I sat down with her. She listened to me well and always had a smile on her face, which definitely made our sessions more comforting. While Vidya not only listened to me, she also took an active role in helping take control of my anxiety, frequently showing me new techniques and tricks to help soothe my anxiety which I have been using ever since and works every-time and now can't imagine going without them. I am very happy with my progress made with Vidya and I can say that my anxiety is definitely more controlled and I definitely have a more positive mindset all thanks to her. I further feel like I have made a friend for life too.

## Flexible care for complete peace of mind

When it comes to care, many people start off by relying on friends and family or bringing in professionals to support them in their own homes - a gardener, a cleaner, someone to make sure the bills are paid or the weekly shopping is done. But managing this support can be a job in itself, taking up precious time.

At Signature, our flexible, person-centred approach to care is as individual as each of our residents. Whether your loved one needs regular medical attention, help with personal tasks like washing or dressing, or just a bit of support to help maintain independence for as long as possible, we'll take care of it, giving you peace of mind – and them the time to enjoy the finer things in life.

LEBNANI

لبناني  
BEIRUT SOUL FOOD

## THE UNIQUE LEBANESE EXPERIENCE

FROM BEIRUT TO REIGATE

Lebnani opened in 2020, a family restaurant sharing ideas and inspiration, all under the guidance of the founder and chef Jad Youssef. Expect an Authentic menu that is inspired by Jad's childhood memories of Beirut, where he was born and has the flavours and recipes of Lebanon in his blood. Between helping his mother make home-cooked meals and assisting his father at work in his pastry shop, Jad grew up in the kitchen and has made it his mission to share his rich heritage. This is how Lebnani was born!

Jad, an alum of **Celebrity Master Chef UK**, is celebrated as one of the foremost experts on Lebanese food for his reverence for traditional dishes while making the cuisine relevant to the current dining landscape. His rustic, authentic cooking is exemplified in Sawda Djei, his rendition of Beirut's simple dish of chicken

Small but perfectly judged  
JAY RAYNER, THE GUARDIAN

liver in pomegranate molasses, which gained cult status after **Time Out London** named it one of 'The Best 100 Dishes in London.'

Our vision is to take the flavour of Lebanon and translate it into every dish. By cooking over live fire, we create simple, honest cooking with loud colours and big bold flavours using only the very best local responsibly sourced ingredients with everything cooked fresh on the day. Come and share our passion for Lebanese food in the most unique atmospheric settings, which is ready to welcome you when you open our doors.

Located in Reigate, offering an array of fresh and flavourful takeaway, delivery, catering and a seated dining experience with a menu of traditional Lebanese mezze and open fire charcoal grills all designed for sharing.

Our **COOKING CLASS** starting in the autumn 2023 will take you on a journey around Lebanon, a country where our chef Jad was born and he is extremely passionate about the flavours and recipes of Lebanese cuisine. On this course, you will learn about the different flavours of this great Middle Eastern country where produce and simplicity are key. We provide each guest with all necessary ingredients and equipment. We believe in hands-on, practical teaching – so be prepared to roll up your sleeves! With such incredible flavours to hand, learning the authentic way to combine these ingredients couldn't be more exciting.

## PARKSIDE SCHOOL

“Pupils acquire excellent knowledge, skills and understanding across a wide range of subjects as a result of well-paced, lively teaching which often includes exciting activities. Pupils’ enthusiasm and curiosity is triggered and they learn quickly.”

### ISI Inspection Report

Sept 2022

“The nearest thing to Swallows and Amazons within throwing distance of the M25, Parkside has a generosity of spirit and an enjoyment of all that can be done which is uplifting. Boys are given lots of oxygen and opportunities to flourish, so the quiet pressure on academic improvement is not as noticeable as it might be. Definitely one to watch.” **The Good Schools Guide**

## BELMONT SCHOOL

ACHIEVEMENT THROUGH HAPPINESS

Nestled in the Surrey Hills at Holmbury St Mary, Belmont School is for pupils from Early Years to GCSE and is located just five miles away from Dorking town centre with a minibuss service to Dorking, Reigate and Tattenham Corner as well as into London and West Sussex. Pupils have 65 acres of wooded parkland to enjoy for activities such as adventure club, cross-country and mountain biking. Besides an amazing outdoor environment, the independent school provides pupils with a broad and challenging curriculum in small class sizes, where each child is stretched or supported to reach their personal best. Every pupil is given excellent pastoral care and a family feel permeates throughout. Sports facilities

include football, hockey, rugby and cricket pitches, an Astro for netball and tennis, a sports hall and swimming pool. Additional Science laboratories and renovated Design and Technology Suite are complemented by a new Art and photography department, performance studio for drama and dance and a wellbeing centre along with additional Senior classrooms. Working parents can drop children off for breakfast at 7.30am and pupils may stay for after school clubs or day board until 8pm. Many local children also look forward to a night's flexi boarding enjoying activities like Nerf battles and pizza nights.
